New lug design

Upgraded toms, hardware & throne

The D1 series has been a go-to kit for young beginners since its launch back in 2010. One of the few complete real drum kits on the market to feature drums and hardware sized for the smaller player, built with the same attention to detail that we put into our higher end drums. The D1 has been upgraded to include a new double lug design on all drums, gull wing bass drum spurs, larger toms, new hardware set that includes a junior throne, new bass drum heads and a new badge.

includes

- 10" hi hat with stand
- snare stand
- cymbal stand
- tom arms
- 12" crash/ride cymbal
- bass drum pedal
- throne
- pair of drumsticks

SE Flyer

The SE Flyer was given a facelift for 2022, bringing all the features to this kit that drummers have been asking for. ddrum has upgraded the bass drum spurs to gull wing style, allowing for quick set-up and tear down while bringing a classic look to the kit. The isolation mounts on the mounted toms have been removed to further add to the classic look and sound. Also, the double tom holder has been re-designed to be more compact, more versatile, and significantly more reliable. ddrum utilizes this reliability by adding a cymbal boom arm for quick and easy cymbal placement. This year we've also added a new snare throw off, floor tom leg memory locks, rubber grommets on all metal to shell points, and a new badge. The ddrum SE Flyer is the perfect choice when a real compact kit is what's needed.

Vintage Sparkle (VS)

White Pearl (WP)

Configuration:

Single Point Round lugs with Chrome Hardware

Updated tom holder

Includes bass drum lift

New for 2022, ddrum has added the Pitstop configuration to the SE Flyer line. This configuration is even more compact than the original, featuring a 15x16 Bass Drum, 7x10 Mounted Tom, 12x13 Floor Tom, and a 6x13 Snare Drum. The Pitstop shares all the features and improvements from the Bop configuration, including gull wing bass drum spurs, new snare throw-off, new double tom holder, included cymbal boom and floor tom memory locks. Like the Bop kit, the Pitstop comes with a Bass Drum lift to allow the bass drum beater to strike the smaller head in the proper place.
